Double-blind comparisons of slow-release theophylline, ketotifen and placebo for prophylaxis of asthma in young children *by D. Stratton, F. Carswell, A. O. Hughes, W. J. Fysh and Patricia Robinson* 163

The influence of pretreatment with prostaglandin $F_{2\alpha}$ on bronchial sensitivity to inhaled histamine and methacholine in normal subjects *by R. W. Heaton, A. F. Henderson, L. S. Dunlop and J. F. Costello* 168

Painless myocardial infarction in asthma *by A. G. Chappell* 174

Interstitial pneumonitis in myasthenia gravis *by R. G. McFadden, T. D. Craig and N. A. M. Paterson* 187

Erythromycin in the management of troublesome BCG lesions *by J. T. Power, I. C. Stewart and J. D. Ross* 192

Rheumatoid pneumoconiosis in a dolomite worker: a light and electron microscopic, and x-ray microanalytical study *by Sisko Anttila, Seppo Sutinen, Paavo Pääkkö and Bo Finell* 195

Bilateral bronchial carcinoma *by Rune Lundgren* 201

Pulmonary arterial hypertension and emphysema *by Isobel P. Williams, M. J. Boyd, Alison M. Humberstone, A. G. Wilson and F. J. C. Millard* 211

Serum β-*N*-acetylglucosaminidase and β-glucuronidase activities in silicosis patients and in workers exposed to silica dust *by H. Koskinen, J. Järvisalo, E. Pitkänen, P. Mutanen and A. Zitting* 217

Bronchial carcinoma: factors influencing postoperative survival *by M. D. Clee, N. F. Hockings and R. N. Johnston* 225

Trials of live attenuated influenza virus vaccine in patients with chronic obstructive airways disease *by The MRC Advisory Group on Pulmonary Function Tests in Relation to Live Influenza Vaccines* 236

Asian immigrant tuberculosis—the effect of visiting Asia *by O. R. McCarthy* 248

Inhaled lactose-free sodium cromoglycate powder in the treatment of recurrent asthma *by G. S. Basran, J. H. Darbyshire, A. J. Nunn and M. Turner-Warwick* 254

Pulmonary lymphangioleiomyomatosis: a case of progesterone receptor positive lymphangioleiomyomatosis treated with medroxyprogesterone, oophorectomy and tamoxifen *by T.L. Svendsen, K. Viskum, N. Hansborg, Susan M. Thorpe and N. C. Nielsen* 264

Unusual clinical signs complicating tension haemothorax *by J. Banks, D. Cassidy, I. A. Campbell and S. Ghuman* 272

Hypertrophic pulmonary osteoarthropathy in association with a bronchial carcinoid tumour *by R. Bradford, M. H. Griffiths and P. Goldstraw* 275

Idiopathic pulmonary haemosiderosis with autoimmune haemolytic anaemia *by J. R. Rafferty and M. K. Cook* 282

North American blastomycosis in Africans *by P. A. Emerson, Elizabeth Higgins and A. Branfoot* 286

Pulmonary sarcoidosis presenting with large haemoptysis *by D. T. McLeod, A. M. Hilton and D. M. Large* 292

Non-compliance with antituberculous drugs *by A. G. Arnold, P. G. D. Curzon, R. L. Page and S. E. Williams* 295

Fatal pulmonary infection with *Mycobacterium fortuitum* in cystic fibrosis *by J. Efthimiou, M. J. Smith, Margaret E. Hodson and J. C. Batten* 299

Requirements for thoracic medicine *A document for the guidance of those planning thoracic medicine services or consultant posts* 303

Recent experience of tuberculosis in junior hospital doctors in Leeds and Bradford *by Peter W. Belfield, Anthony G. Arnold, Simon E. Williams, Anthony D. Bostock and Nigel J. Cooke* 313

The value of contact procedures for tuberculosis in Edinburgh *by Simon Capewell and A. Gordon Leitch* 317

A controlled trial of 6 months' chemotherapy in pulmonary tuberculosis. Final report: results during the 36 months after the end of chemotherapy and beyond *by the British Thoracic Society* 330

Pneumococcal pneumonia with bacteraemia *by R. A. Banks, R. C. George and M. W. McNicol* 352

The effects of theophylline and salbutamol on right and left ventricular function in chronic bronchitis and emphysema *by R. J. D. Winter, J. A. Langford, R. J. D. George, S. J. Deacock and R. M. Rudd* 358

The influence of transbronchial lung biopsy and bronchoalveolar lavage on arterial blood gas changes occurring in patients with diffuse interstitial lung disease *by M. S. Hendy, J. R. M. Bateman and D. E. Stableforth* 363

Bronchial asthma in Malaysia *by Ian Ross* 369

Home nebulizers in severe chronic asthma *by D. V. McGivern, M. Ward, S. Revill, A. Sechiari, J. Macfarlane and D. Davies* 376

The efficacy of drug delivery by a pear-shaped spacer and metered dose inhaler *by J. Morris, J. S Milledge, H. Moszoro and A. Higgins* 383

Answering the relatives of lung cancer patients *by J. Spencer Jones* 388

The 100 m walk: a simple and reproducible exercise test *by A. Morice and T. Smithies* 392

Pulmonary tuberculosis complicated by haemophagocytic syndrome and rifampicin-induced tubulointerstitial nephritis *by Neil Barnes, David Bellamy, Robin Ireland, Victor Parsons and John Costello* 395

'Atypical pneumonia' due to parakeet sensitivity: bird fancier's lung in a 10-year-old girl *by P. M. Barker and J. O. Warner* 404

Short Communications

The effect of astemizole on exercise-induced asthma *by M. D. Clee, C. G. Ingram, P. C. Reid and A. S. Robertson* 180

Temporal clustering of familial sarcoidosis in non-consanguineous relatives *by W. M. Edmondstone and A. G. Wilson* 184

Pulmonary function changes after bronchoalveolar lavage in asthmatic patients *by Patricia Ancić, Patricia Díaz and F. Galleguillos* 261
